MEMORANDUM FOR: Director of Central Intelligence 9838

FROM : Inspector General

SUBJECT : Enrollment of Secret Service Officers  
in Information Science Courses

1. Attached is an OTR request that a decision be made on whether or not Secret Service officers can be enrolled in OTR's Information Science courses, and the Survey of Intelligence Information Systems Course in particular. In addition to the decision on enrollment, OTR asks whether or not each request must be considered on a case-by-case basis.

2. Considering the possible flap potential involved as related to the Secret Service's apparent need for the training, I suggest that OTR train the Secret Service officers, but that requests be approved, or disapproved, on a case-by-case basis. The Economy Act would justify the training. It is an intelligence community inter-Agency course designed to help a variety of consumers and the Secret Service officers have found it useful in the past. On the other hand, case-by-case approval is suggested to ensure that the Secret Service officer has a real and specific need for the course. The General Counsel's comment is attached.

3. It is recommended that you approve the training of Secret Service officers in OTR Information Science courses but that approval be made on a case-by-case basis.
